

Unlocking
space.
Empowering
people.

Graduate Designer | Spacelab

We are: Spacelab; an award-winning design practice. We've built a reputation over the past 16 years for being visionaries in the industry. We use research, data, and collaboration to interpret problems and create solutions; re-imagining how spaces can be used for the better. This has resulted in inspiring and functional spaces that empower the people who use them.

Continuously moving forward, we are always taking this approach to new levels; breaking down more industry 'norms' and using cutting-edge technology to provide an even more exciting, efficient and collaborative service.

We have an opening for a brilliant graduate designer.

You bring:

- A proactive, curious and forward thinking attitude
- A desire to always find a new and better way
- A 'together' and team-focused mindset - always committed to the 'we' and not the 'I'
- Revit skills are very preferable

You get:

- Competitive salary
- Training and career development opportunities, including your own personal development plan
- Uncapped paid annual leave
- Working daily in a vibrant, open, studio environment, situated in the creative hub of Hoxton
- Collaborative style of working, with a diverse and dynamic team
- A varied and exciting client list
- Sociable, non-hierarchical, 'family feel' culture
- Varied and fun perks with a focus on wellbeing; both mental and physical

and above all, an ethos of freedom and no limits. We encourage our team to live, learn and work in a way that suits them.

If you're interested, and think you would thrive in a fast paced and rewarding environment, please email your CV and a PDF portfolio (no more than 5MB) to people@spacelab.co.uk, quoting ref: SL_ED_18 along with a covering letter stating your salary expectations and availability.

No agencies please. Due to the large volume of applications expected we are unable to respond to all enquiries.

Spacelab is an equal opportunities employer.
